

The **BENEFITS** of **SiM Spray**

Integrated Virtual Reality Training Tool for Professional Painters and Coaters

Consider This:

3.4 MILLION manufacturing jobs need to be filled in the next decade

Only **10%** of high school students are interested in the skilled trades

Over **50%** of skilled workers are over **45**

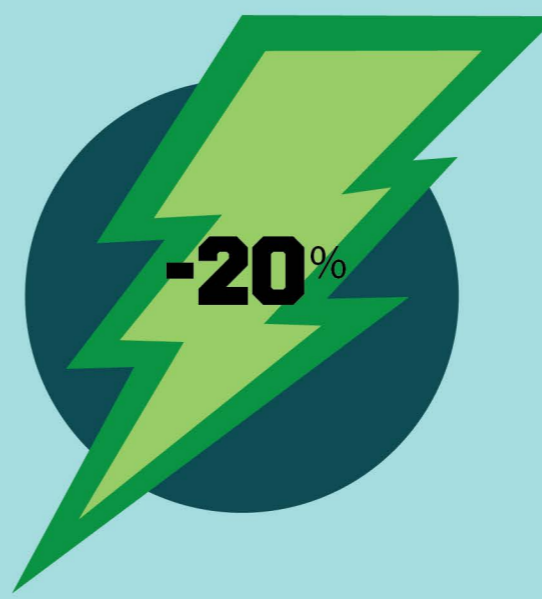

1.4 MILLION jobs will be filled **2 MILLION** jobs will be left unfilled

How Can We Fill This Gap?

By Encouraging The Next Generation and Training Them **Efficiently** and **Effectively**

With **Fast**, **Low-Cost**, and **Engaging** Solutions

Cost-Efficient & Effective

Operating Costs

Material Costs

Rapid Skill Acquisition

Reduce Clean Up & Prep

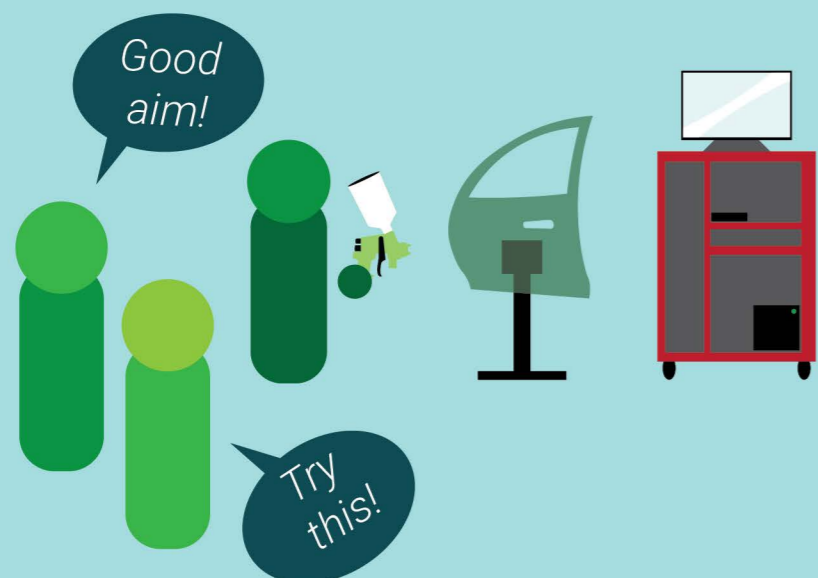

Train **More Students** With **More Practice**

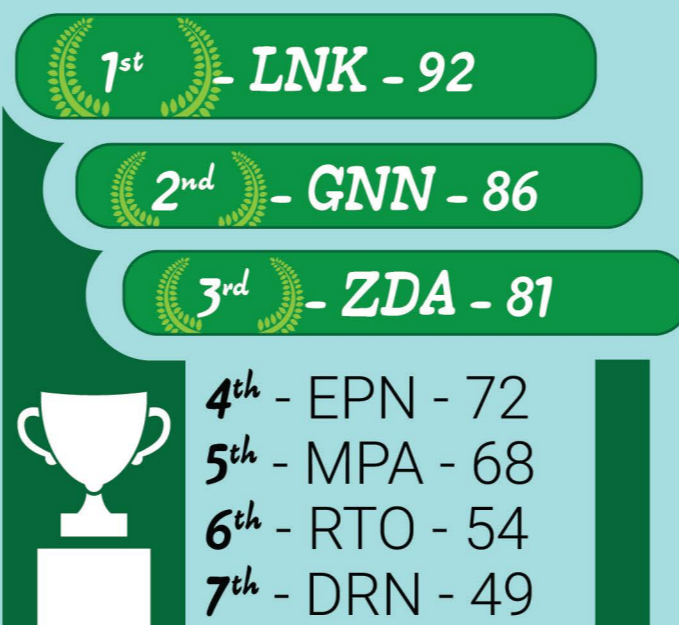

Complete **80+** SimSpray projects in the time required for **12** traditional projects

\$1000 in savings after just **5** students

Training in Virtual Reality **Promotes Collaboration**

Game-Based Features **Motivate Improvement**

Real-Time Feedback **Develops Technique**
